

Instructions for the Petition

1. The petition form must contain a description of the improvements proposed for the area.
2. A map or sketch must accompany the form showing the properties that would be assessed for the cost of the improvement.
3. A pamphlet explaining assessments and the assessment process should be included.
4. A preliminary range of cost for an average size lot, which may differ from the cost range published in the brochure, must accompany the form.
5. The nearest Bureau of Engineering District Office can help you with this information which, in compliance with instructions (C.F. 84-0407) from the City Council, must be incorporated with the petition prior to its circulation.
6. The Engineering District Offices are located at:
